FAQs

ACCOMMODATION

▶ WHAT IS THE TYPE OF ACCOMMODATION?

Pole Pole is a small luxury eco-resort with magnificent only seven bungalow suites, elegant and spacious, set among the coconut trees, overlooking the bay and the Chole and Juani Islands.

The rooms are furnished with carved and antique pieces. Twin and double beds are available and another bed, for a child, can be provided. Two bungalows are “family” type with two rooms separated by the bathroom and a small corridor for privacy. The large private verandahs are furnished with a Zanzibari bed, chairs, table and an armchair. Each bungalow is self-contained with a large bathroom. There are two overhead fans, one on the verandah and one in the bedroom.

▶ DO THE ROOMS HAVE AIR CONDITIONING, HOT WATER & ELECTRICITY?

We do have hot water and electricity 24 hours a day. We don't have air conditioning in the bungalows as there is always a cool breeze but we have put ceiling fans above the beds for the warmer days. The rooms are very spacious and windows on all sides ensure a pleasant cross ventilation. Being environmentally inclined, no air conditioning means saving power and most of all, maintaining a quiet and calm place.

▶ WHAT IS THE RECOMMENDED LENGTH OF STAY?

You can enjoy the beauty of Mafia even in the space of a weekend but generally, our guests spend at least 4 to 5 days. If you would like to enjoy all the aquatic activities and inland excursions, we recommend you to stay between 5 and 10 days. If you intend to do a scuba diving course for beginners or advanced, 5 dedicated days are required.

▶ DO YOU HAVE A SWIMMING POOL?

We inaugurated our swimming pool in November 2011. Set apart in the sunniest stretch of Pole Pole and surrounded by gently swaying palm trees, our swimming

pool is shaped by a series of circles and set in a beautiful locally-sourced coconut wood deck. Its design is reminiscent of a traditional Arabic sailing dhow, with weathered parts of old sailing boats integrated into its features. It is partially shaded by a dramatic dhow sail rigged up on old masts, and a bar area and shaded seating area are also incorporated into the surrounding garden for the comfort and convenience of our clients.

▶ WHAT IS PHYTO-PURIFICATION?

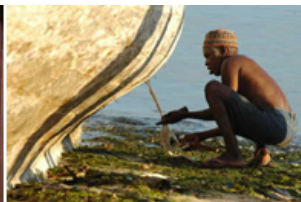

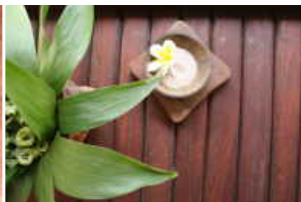

Phyto-purification is the special process of treating wastewater to prevent environmental pollution. Waste water is pumped away to a main septic sewage system and then filtered underground through a phyto-depuration bamboo pool. The process is so effective that at the end, the purified water can be used for gardening. The process is pollution free.

▶ WHAT IS YOUR CUISINE LIKE?

Our Mediterranean cuisine is a combination of diverse culinary traditions and cultures. It consists mainly of seafood although some meat is served. ACTIVITIES & EXCURSIONS

▶ WHAT ARE THE ACTIVITIES & EXCURSIONS?

There are different types of activities or excursions: by boat, by 4x4 car or walking and light trekking. The activities in the marine park are scuba diving, snorkeling, sailing and visiting the local villages.

Pole Pole Resort organises boat excursions and picnics to isolated islets, sandbanks or islands every day, according to the tide. The Diving Centre provides PADI Federations' certificates (medical certificates are mandatory for a beginners course). The excursions by 4x4 car take you right across the island through villages and changing landscapes up to the northern tip where a lighthouse stands.

▶ AT WHAT TIME DO THE ACTIVITIES & EXCURSIONS START?

Most aquatic activities depend on the tide and place you want to visit. You may also decide what time to start your excursion although we do recommend a morning start for most of the 4x4 car excursions and visits by boat to the far away sandbanks.

▶ WHAT IS THE LENGTH OF TIME OF THE EXCURSIONS?

Some excursions that take you far from the resort have a minimum time while for other activities closer to the resort timing is flexible.

Here are some examples:

Diving: 3 hours | Kinasi Pass islets: 3 hours

Kitutia Reef: full day | Chole Island: 2 hours

Most of the excursions can be combined with picnic lunches, in which case, a couple of extra hours have to be added.

▶ WHAT IS THE MAXIMUM OR MINIMUM NUMBER OF PEOPLE ON EACH EXCURSION?

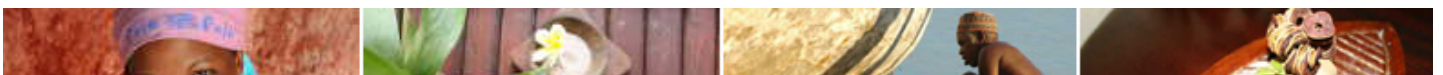

For diving and the daily excursions included in the rates, there is no minimum amount of people per trip, we will accept even one person.

For fee paying excursions, clients can decide whether to join other guests and share the cost or organise a personal trip.

Maximum number of people is usually 6.
